DOBLÒ CARGO

ACTIVE

RANGE

THE PROUD COMMUNITY OF DOERS.

Doblò Cargo offers the widest range in the segment, to grow your business and bring more quality to your day. **Van** for goods transport, **Combi** for goods and people transport, both with two height variants and two lengths. Doblò **Work Up**, the ideal pick-up for all occasions and **Chassis cab** with platform, in two lengths, for creating the vehicle best suited to your professional needs.
There's a huge number of different body types, possible versions and solutions, ranging from vans to rapid fixed-route vehicles, versions outfitted for specific uses and special vehicles.

ACTIVE

MOVER

A BETTER WAY TO WORK.

With its wide and versatile range, Doblò Cargo is an invaluable partner for meeting all requirements with fine-tuned and intelligent solutions, such as the regular shape of the load compartment, the convenient handles (both vertical external and "pullcup" internal), the 180° rear door opening and the wide sliding side door. Its low load threshold facilitates loading/unloading operations, while the **volume** of more than **5 m³**, the **load capacity** greater than **1 tonne** and the **internal length** of up to **3.4 m** make Doblò Cargo perfect for any use, maintaining its status of "best in class" in the category and the best work partner.

ACTIVE

DESIGN

EXTERIOR STYLE AND INTERNAL ROOMINESS.

Doblò Cargo features an **exterior car** design with a distinctive front end, a streamlined bonnet that follows the curve of the roof and rear light cluster which emphasizes the horizontal flow of the silhouette. These features make for an harmonious whole, in which the Doblò Cargo shows a compact and well-proportioned appearance. Inside the cabin, the space is updated from an ergonomic perspective, it is functional and well organized. All the controls are easy to reach and the dashboard has many spacious storage compartments – like the slow-open compartment, able to hold a 10" tablet – while the door panels have large and versatile pockets.

THE LOAD AREA OF THE VAN IS CHARACTERIZED BY A SQUARE SHAPE WITH AN AMPLE AND REGULAR SURFACE AND HAS BEEN OPTIMIZED FOR ALL KINDS OF LOADS. IT PROVIDES A BEST IN CLASS VOLUME CAPACITY (UP TO 5.4 M^3 WITH THE SWIVELING BULKHEAD).
THE HEIGHT OF THE REAR DOORS IS BEST IN CLASS

CONVENIENT AND PRACTICAL LOAD COMPARTMENT THRESHOLD

REAR WING DOOR HANDLE WHICH IS EASY TO OPEN, EVEN WITH A SINGLE FINGER

ACTIVE

COMFORT

FUNCTIONALITY GOES ON BOARD.

Everything on board Doblò Cargo has been designed to enhance functionality and comfort. The interior space offers many storage compartments: one underneath the front seat bench, a slow-open **compartment** and the door panels pockets. Great attention has also been paid to the **acoustic**, limiting the noise in the cabin.

TECHNOLOGY

CONNECT YOUR WORK.

Doblò Cargo offers the infotainment system **Uconnect™ 5" LIVE** touchscreen, including USB, SMS reader, steering wheel commands and Bluetooth® technology. In addition, **the radio Uconnect™ 5" Nav LIVE** includes navigation system TomTom 2.5D, voice commands and TomTom IQ Routes®. It provides 3D maps and the opportunity to search for destination, through an intuitive query for POIs and addresses, while **Siri® Eyes Free*** allows to interact with an iPhone thanks to voice recognition. It also allows you to listen to the Digital Radio (DAB/ DAB+) guaranteeing an high quality sound. Thanks to Uconnect™ LIVE **Services** you can improve your driving experience with the infotainment system through its specific mobile application. It offers the function **eco:Drive**, helping the driver to reduce the fuel consumption and CO_2 emissions and the function **my:Car** to better manage the vehicle maintenance. Also available an entry **Bluetooth® radio**, equipped with a USB port, DAB and steering wheel commands as optional.

* Siri® Eyes Free System requires a compatible iPhone equipped with Siri technology

UCONNECT™ LIVE RADIO TOUCHSCREEN

BLUETOOTH® RADIO

MOPAR® CONNECT

Thanks to MOPAR® Connect technology, the driver will be always connected with his Doblò Cargo: remote assistance and control service guarantee the opportunity to drive safely, in complete freedom and with easier vehicle care.

MY:ASSISTANT

YOUR SAFETY AND YOUR SECURITY ARE ALWAYS OUR PRIORITY

CRASH ASSISTANCE
In case of crash, the system instantly responds contacting a Mopar agent to provide you full assistance.

ROADSIDE ASSISTANCE
In case of breakdown, get immediately in touch with a Mopar agent, who can check the situation from remote and provide assistance to the location reported by your Doblò Cargo GPS.

THEFT ASSISTANCE
Get an alert when your vehicle is moving in a suspicious way and get assistance for tracking it and recovery.

MY:REMOTECONTROL

LET YOUR SMARTPHONE BECOME AN INTERACTIVE KEY TO REMOTELY CONTROL YOUR DOBLÒ CARGO WHEREVER YOU ARE AND WHENEVER YOU NEED

FIND CAR
Find easily where your vehicle is parked. The system will pinpoint the location on a map and provide you the fastest way to reach it.

LOCK DOORS
Lock or unlock the vehicle from remote.

SET NOTIFICATION
Geo Alert
Be alerted whenever the vehicle gets in or out a defined geographical area
Speed alert
Be notified if your vehicle goes beyond a defined speed limit.

MY:CAR

THE PERSONAL TRAINER TO KEEP YOUR DOBLÒ CARGO ALWAYS FIT

LIVE STATUS
Keep the vehicle status always under control. Main features, such as remaining fuel, battery level, tire pressure, current mileage and doors status can be always checked in real time anywhere.

ACTIVE

POWER

STRONG PERFORMANCE.

"Best in class" in terms of handling and driving comfort: Doblò Cargo, thanks to its **Bi-link** suspension, the improved gearbox and clutch and its **wide range of engines**, ensures smooth and comfortable driving in every situation. Additionally, thanks to the "one mission one engine" strategy, Doblò Cargo offers the utmost performance, according to the various professional requirements and types of use.
Its powertrains, ideal both in **town** and on **long distances**, are able to offer more impressive performance, high torque at all speeds and optimal consumption, for great running costs.

1.3 MultiJet$_2$ 80 - 95 HP (B)*
1.6 MultiJet2 95 HP** (B)*
1.6 MultiJet$_2$ 100 - 105 HP (B)*
1.6 MultiJet$_2$ 120 HP (B)*

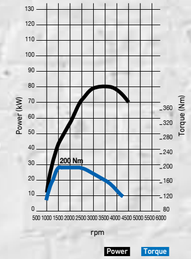
** EXCLUSIVE FOR COMBI VERSION WITH M1 HOMOLOGATION

ECOjet

The "EcoJet" versions of the 1.3 MultiJet$_2$ and 1.6 MultiJet$_2$ engines offer a considerable **reduction** in terms of **fuel consumption and emissions level**, thanks to the use of the Start&Stop system, low rolling resistance tyres, low-viscosity oil, "high efficiency" alternator, variable displacement oil pump and aerodynamic pack.

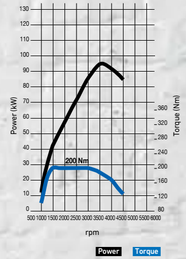
80 MULTIJET$_2$

Displacement: 1.248 cm^3
Emissions standard:
Euro 6d-TEMP with DPF / Euro 6 with DPF, Start&Stop and EcoPack (ECOJET)
Power: 59-70 kW (80/95 HP) at 3.750 rpm
Torque: 200 Nm (20,4 kgm) at 1.500 rpm
Injection: direct Common Rail MultiJet$_2$ with electronic control, turbo and intercooler



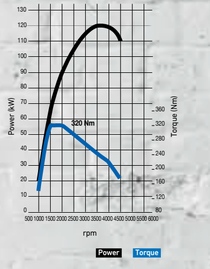
95 MULTIJET$_2$

Displacement: 1.248 cm^3
Emissions standard:
Euro 6d-TEMP with DPF / Euro 6 with DPF, Start&Stop and EcoPack (ECOJET)
Power: 59-70 kW (80/95 HP) at 3.750 rpm
Torque: 200 Nm (20,4 kgm) at 1.500 rpm
Injection: direct Common Rail MultiJet$_2$ with electronic control, turbo and intercooler



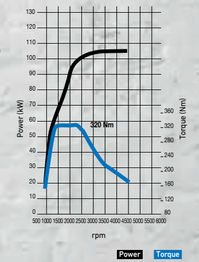
120 MULTIJET$_2$

Displacement: 1.598 cm^3
Emissions standard:
Euro 6d-TEMP with DPF / Euro 6 with DPF, Start&Stop and EcoPack (ECOJET)
Power: 88 kW (120 HP) at 3.750 rpm
Torque: 320 Nm (32,6 kgm) at 1.750 rpm
Injection: direct Common Rail MultiJet$_2$ with electronic control, turbo and intercooler



105 MULTIJET$_2$

Displacement: 1.598 cm^3
Emissions standard:
Euro 6d-TEMP with DPF / Euro 6 with DPF, Start&Stop and EcoPack (ECOJET)
Power: 73-77 kW (100/105 HP) at 3.750 rpm
Torque: 320 Nm (30,6 kgm) at 1.750 rpm
Injection: direct Common Rail MultiJet$_2$ with electronic control, turbo and intercooler



The specification (B) indicates the value of CO_2 and fuel consumption determined on the basis of the measurement/correlation method referring to the NEDC cycles as per Regulation (EU) 2017/1152-1153.
The indicated value of CO_2 and fuel consumption refers to the versions of the vehicle with the highest and the lowest values. Those values may change with the subsequent configuration depending on equipment selected and/or size of tires selected. The indicated values of CO_2 and fuel consumption are not definitive and may evolve as a result of changes in the production cycle; more up-to-date values will be available at the selected official dealer of the FCA network. In any case, the official values of CO_2 and fuel consumption of the vehicle purchased by the customer will be provided with the documents accompanying the vehicle.

ACTIVE

POWER

IMPROVES FUEL ECONOMY.

The Natural Power engine of Doblò Cargo reflects its respect for the environment. The 120 HP 1.4 T-Jet Natural Power engine with **dual-fuel system** - methane and petrol - is designed to minimise running costs and increase the vehicle's productivity. With the innovative Multipoint methane injection system, the driveability characteristics are the same as when running on petrol, without compromising neither payload nor cargo volume. High maximum torque (206 Nm at 3.000 rpm) offers outstanding acceleration even with a full load. Doblò Cargo also offers **a gasoline engine**, 1.4 T-JET 120 HP with excellent performance both in city traffic and long distances.

METHANE ENGINE 120 T-JET NATURAL POWER

Displacement: 1.368 cm³
Emissions standard: Euro 6d-TEMP (B)*
Power: 88 kW (120 HP) at 5.000 rpm
Torque: 206 Nm (21,0 kgm) at 3.000 rpm
Injection: Multipoint (MPI) electronic, sequential phased, turbo and intercooler, returnless system (specific injection for methane)

ACTIVE

SAFETY

PERFECT CONTROL.

In the safety field, road holding is ensured by adopting as standard the most advanced electronic stability control devices, such as **ABS** with electronic brake force distributor (EBD), **ESC** complete with ASR (Anti Slip Regulation), HBA (Hydraulic Brake Assist) and **Hill-Holder** (hill start assistance) systems. The TPMS also guarantees constant monitoring of tyre pressure. The front airbags and front side airbags protect both head and chest. Completing the equipment dedicated to safety: Fire Prevention System, body with crumple zones, steering system with collapsible telescopic steering column and knee protection.

REAR VIEW CAMERA

The rear view camera is activated when the reverse gear is engaged and shows the rear area around the vehicle through the screen of the Uconnect radio on the dashboard. When the rear camera is active, a grid with multicolour static lines appears to indicate the distance of the rear part of the vehicle.

PARKING SENSORS

The ultrasonic parking sensors activate when reverse is engaged and advise the driver that an obstacle is approaching through an intermittent sound.

BI-LINK - ONE SUSPENSION, MANY USES

Standard versions
- excellent road holding
- specific setup for excellent dynamic behaviour

1 ton payload versions
- excellent performance
- longitudinal trailing arms and specific cross bars
- anti-roll bar and specific setup for optimum dynamic performance levels in all load conditions

Combi versions
- maximum comfort
- exceptional handling in all driving conditions
- anti-roll bar and specific calibration

ELECTRONIC STABILITY CONTROL ESC

This standard system intervenes in emergency situations, such as sudden swerving manoeuvres to avoid an obstacle. It monitors parameters such as lateral acceleration, speed, grip and angle of the steering wheel. It processes the data and, if necessary, intervenes on the drive torque and the braking system to bring the vehicle back to conditions of perfect stability.

TRACTION+

Traction+ is the innovative traction control system that improves traction on the most challenging, low-grip surfaces. If one of the drive wheels loses traction, the control unit detects slippage, brakes the wheel and sends torque to the wheel with most grip. In this way, the vehicle's performance is more comfortable, ensuring the best stability and handling.

HILL HOLDER

This standard content brakes the vehicle on hill-starts, and stops it rolling backwards without any handbrake input from the driver. It then releases the brake automatically

FOG LIGHTS

Installed at the bottom of the front bumper, the fog lights offer maximum efficiency and protection.

CRUISE CONTROL

Cruise Control allows you to set the cruising speed and keep it constant.

TYRE PRESSURE MONITORING SYSTEM (TPMS)

This monitors the pressure of the tyres constantly, indicating any loss in pressure directly on the on-board display.

ACTIVE

PERSONALITY

OPTIONAL.

Doblò Cargo is designed to be at the top of the category in terms of functionality and organization. Every detail, such as the internal roof bars, the rigid rear shelf and the swivel partition, is useful to achieve more and get brilliant results.

ROOF WINDOW

The upper part of the load compartment can be opened thanks to the practical roof hatch, which permits the transport of long items like ladders or pipes in complete safety.

INTERNAL ROOF BARS

On request, the load compartment can be fitted with practical roof bars, which allow long objects to be stowed without occupying the lower part of the compartment and all of its capacity therefore to be fully exploited.

RIGID REAR SHELF

Available only on Combi short wheelbase. Supports up to 70 kg.

PARTITIONS

The load compartment and cab can be separated by many types of partition. In addition, the panelled and glazed partitions are also available with internal soundproofing.

Panelled partition

Glazed partition

Driver side ladder

Swivel partition, available for 2 seats configuration only

Multi functional partition for 3 seats configuration, removable on passenger side to accomodate long objects

Load compartment cover

ACTIVE

PERSONALITY

OPTIONAL.

When comfort meets functionality, both quality of life and professional results improve on board. All the controls like the removable roof light, the electric adjustable and folding mirrors and the tunnel with three sockets are easy to reach; and all the practical solutions you can adjust with seats, make your day more profitable and less tiring.

REMOVABLE ROOF LIGHT

The load compartment can be illuminated by a practical roof light that can be removed if needed to act as a portable torch. Once replaced in its housing, the torch will recharge automatically.

ELECTRIC ADJUSTABLE AND FOLDING MIRRORS

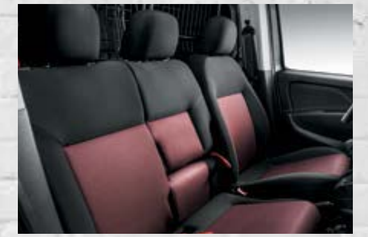
Doblò Cargo's double door mirrors ensure a panoramic rear view combined with the utmost practicality, since they can be adjusted and folded electrically from inside. The external mirror spotter can be added to improve your visibility in parking manoeuvres.

TUNNEL WITH THREE SOCKETS

On the tunnel three power sockets can be available for connecting external devices.

SEATS

Depending on the version, many practical solutions are available for the driver and passenger seats:
- backrest adjustment;
- lumbar area adjustment;
- armrest adjustment;
- passenger backrest that folds down to a table (for Combi version);
- longitudinal seat sliding.



FOLDING CENTRAL SEAT BACKREST

In the 3 front seats configuration, both right side and central passenger seatback are foldable: the one of the central passenger seat has a document holder on the rear of the backrest.

PASSENGER SEAT FOLDING TO FLOOR LEVEL

In the 2 front seats configuration, with the swivel partition the seat can be folded to create a perfectly flat loading surface, providing an extra 0,4 m^3 of storage volume and 1230 mm in length on all versions.

ACTIVE

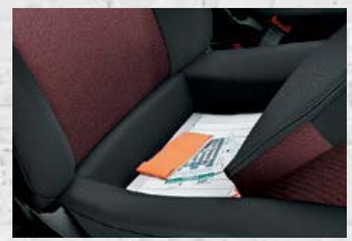
PERSONALITY

OPTIONAL.

Doblò Cargo offers a big choice of surprising details, inside and outside.
Interiors provide a range of many spacious storage compartments like the oddments shelf (capucine) or the one under passenger seat. While exteriors come with stylish details, like the body-coloured painted bumpers or mirrors. Everything is aimed to enhance the lifestyle of those at work.

COMPARTMENT UNDER PASSENGER SEAT

Under the passenger seat a compartment allows items to be stored tidily and away from prying eyes.



LOCKABLE GLOVE COMPARTMENT

More functionality and more comfort in the cab thanks to many spacious compartments easy to reach.

ODDMENTS SHELF (CAPUCINE)

Practical and handy to store your items, always ready to use.

BODY-COLOURED PAINTED MIRRORS

More style to get yourself noticed at work.

BODY-COLOURED PAINTED BUMPERS

Doblò Cargo features a modern design thanks to distinctive and harmonious details.

FOG LIGHTS

Optional, they are installed in the lower part of the front bumper to guarantee maximum efficiency.

ACTIVE
